PERSONAL PROJECTS

Montana First Nations (MFN) Solar Facility.
(09/2021 - 05/2022)

- A Java web application that monitors, displays, stores, and trends data for the MFN Solar Facility. This project was my capstone project developed during my time at SAIT.

Go Online. (04/2022 - Present)

- An application built using the MERN stack that will allow two players to join a "room" and play Go. Go is a Chinese board game popular among Chinese generals at the height of their power. Future expansions will include multiplayer servers, complete data storage, and rankings.

Therin Mody's Portfolio Website. (01/2022 - Present)

- A front-end application built using React that will showcase my portfolio. The application is almost done and just needs to scale to screens smaller than desktop size.

CERTIFICATES

Graph Developer - Associate. (12/2021 - 01/2022)

MERN Stack - The Complete Guide. (12/2021 - 01/2022)

MERN - MongoDB, Express.js, React, Node.js

Cloud Application Development Foundations
Specialization. (03/2021 - 05/2021)

LANGUAGES

English

Native or Bilingual Proficiency

Spanish

Elementary Proficiency
